

Christian Lauria

Coaching Experience:

Mockingbird 2001-Present

Playing Experience:

St. Catherine College
Campbellsville University

Achievements (player/coach):

Playing in college is a huge achievement for me personally. Furthermore, I always consider the success of my teams and the growth of individual players extraordinary achievements - not only for them, but for me as well.

Reward from Coaching:

The rewards from coaching are beyond measure! There is nothing like seeing a kid succeed out on the field. It's also incredibly satisfying to consider the positive influence you have to offer in the lives of young athletes. I have learned that it's definitely not always an easy job, but the ends in this case definitely justify the means!

Vision for Club:

My vision for the club is one I also pursue individually, and that is continual growth and great success! I strive for each of my teams to work hard, play tough, and earn the opportunity to successfully compete with regional competition each year. Ultimately, I would love to see the club expand and advance to compete on a national level.

Preferred age group/boys or girls:

No preference, I can coach soccer to anyone who's willing and ready to learn!

Anything you want to share:

“No coach has ever won a game by what he knows; it’s what his players know that counts.” –Paul Bryant
